APPENDIX VIContingency Plan

Facility Name: LTV Steel Company, Inc.  
11600 South Burley Avenue  
Chicago, Illinois 60617

Primary Emergency Coordinator: J. M. Potwora  
Environmental Coordinator  
Energy & Environmental Dept.  
Work Phone: 312/933-4596  
Home Phone: 312/239-6549  
Home Address: 2152 W. 107th  
Chicago, IL 60643

Secondary Emergency Coordinator: J. A. Heine  
Manager, Energy & Environmental Dept.  
Work Phone: 312/933-4159  
Home Phone: 312/687-1847  
Home Address: 16505 Barton  
Oak Forest, IL 60452

In the event of an incident involving hazardous wastes, the primary or alternate coordinator will be notified. They have full authority to control emergency equipment. Any required equipment will come from internally controlled equipment from the Transportation Department. This equipment "on call" will include a front end loader, a dump truck and a bulldozer. Additional equipment, if necessary, can be obtained from in-plant contractors (R. E. Russell, Cinders, Inc. or Heckett Engineering).

Fire Protection: First line fire protection is provided by company fire brigades and the District Fire Marshall.

Hospital: The District Dispensary is staffed 24 hrs./day and our Plant Physician is on-call during off hours.

Reports: Any incident will be reported to the responsible agency. When compliance is restored permission to resume activity will be requested.
